Functional novelties

2022/2023

Functional novelties

This year's functional collection incorporates new technologies and modern design making everyday life easier, smarter and better with lighting.

For 2022, we introduce price entry ceiling lights with a very high lumen output and new additions to our popular and innovative Moodmaker™ ceiling light range.

Our Oja series is expanded with products in a modern, black colour – still equipped with Moodmaker™ functionality, backlight effect and in an ultra-thin design as we know it.

We also introduce our brand-new Strip LED concept. Coming in both white light and colours, this concept is easy to install with the adhesive tape and adds a cool lighting effect to even small spaces that are not easily lit.

We proudly present our 2022 collection

LED strip series

With Nordlux's LED strips, you can create your own light expression anywhere you want - even in narrow places with very little space.

Use the LED strips to create cosy, subdued white lighting that can be easily concealed beneath kitchen cabinets, along the staircase, behind a TV screen or anywhere you can imagine.

LED strip

LED strip 5M, White 2210319901

With Nordlux's LED strips, you can create your own light expression anywhere you want - even in narrow places with very little space.

Use the LED strips to create cosy, subdued white lighting that can be easily concealed beneath kitchen cabinets, along the staircase, behind a TV screen or anywhere you can imagine.

Learn more about LED strip in the toolbox section at page 7

LED strip Smart 3M, Black 2210439901

LED strip Smart

With Nordlux's Smart LED strips, you can create your own light expression anywhere you want - even in narrow places with very little space. Control the light through the Nordlux Smart app and create cosy, subdued white and coloured lighting. The strips are easily concealed beneath kitchen cabinets, along the staircase, behind a TV screen or anywhere you can imagine. Easy installation with the adhesive strip.

Downlight series

Our comprehensive downlight series cover both classic downlights highly suitable for the bathroom, recessed/ Ceiling mounted downlights with Moodmaker™ functionality and Smart downlights with full Smart options via the Nordlux Smart app.

Any need can be covered – with easy installation and elegant, space-saving design.

Ceiling series

Ceiling lights are generally a good solution for many rooms and spaces, as they provide a good and practical light without taking up too much space.

Our wide range of ceiling lights covers both regular ceiling lights, build-ons, Moodmaker™ and sensor lights.

Oja Step

Oja is an universally applicable ultra-flat ceiling light with integrated LED and Moodmaker™ functionality, that allows you to dim the light in three steps with your regular wall switch.

Oja has a comfortable warm-white light (2700K), beautiful backlight effect and a very long lifetime of 25.000 hours.

Learn more about Oja Step in the Toolbox section at page 38

Vic 22, White 2210216001

Vic is a series of classic ceiling lights in a very slim design. The integrated LED module uniformly illuminates the Ceiling with a very high lumen output, creating a practical light.

Learn more about Vic in the toolbox section at page 35

Vic

Vic 29, White 2210226001

Vic 35, White 2210236001

Landon

Landon 8, White 2110660101

Landon is a series of Ceiling mounted downlights with built-in Moodmaker™ functionality that dims the light in the inner and outer light ring in three different steps. Third step enables a dim night light that is perfect for visiting the bathroom during the night. High IP protection (IP44) makes this downlight suitable for humid areas such as the bathroom.

Learn more about Landon in the toolbox section at page 33

Landon 14, Black 2110670103

Functional novelities 2022/2023

Djay Smart

With Djay you can enjoy a nice shower accompanied by the perfect ambience and your favourite music. Djay combines elegant lighting design with a functional Bluetooth speaker that can be controlled by your smartphone or tablet.

The Nordlux Smart app lets you control the music, dim and adjust the light from cool to warm white and choose between millions of colours.

The high IP rating (IP44) makes Djay suitable for humid areas such as the bathroom, but it is also perfect for the kitchen or children's room.

Learn more about Djay Smart in the toolbox section at page 41

Liva Smart, Black 2110826103

Liva Smart

Create your own unique ambience by setting one colour for the backlight and another colour for the downward-facing light. Adjusting the light from cool to warm white, choosing a colour and dimming the light can be done through the Nordlux

Learn more about Liva Smart in the Toolbox section at page 41

Liva Smart, White 2110826101

Harlow Smart

Harlow is a rectangular ceiling light in an ultra thin design with backlight effect. Adjust the light from cool to warm white, choose between millions of colours and reduce or increase the brightness with your smartphone or tablet.

You can also add a Smart Remote Control to control your lights without your smartphone. Suitable for humid areas such as the bathroom because of the high IP rating (IP54).

Learn more about Harlow Smart in the toolbox section at page 40

Oja Sensor

Oja Smart 29, White 2015036103

Oja Smart is an universally applicable ultra-flat ceiling light with an elegant backlight effect. Create the perfect ambience for your home by dimming the light and setting the colour temperature from cool to warm white with the Nordlux Smart app or the Nordlux Smart remote.

Learn more about Oja Smart in the toolbox section at page 33

Link series

The Nordlux Link System makes mounting of spots and pendants simple and easy.

Choose your desired shape and size of the link rail and connect it to the power outlet.

Then, simply click the spot or pendant into the rail wherever you want it. It is easy to move the lamps along the rail and to add more lights without having to drill any holes.
